

YOUR GP PRACTICE HAS BEEN WORKING DIFFERENTLY DURING THE **COVID-19 PANDEMIC**

As we begin to get back to normal,
we still need to keep our patients and staff safe.

If you need an appointment with your GP:

- **Contact your GP online using e-consult on our website;** or
- **Phone the reception**

We will then use the information you give us over the phone or online and the most appropriate health professional will get in touch with you.

**PLEASE DON'T COME TO THE SURGERY IN PERSON
UNLESS WE HAVE ALREADY SPOKEN TO YOU AND
CONFIRMED A FACE TO FACE APPOINTMENT
IS REQUIRED.**

New ways of working mean we can continue to provide the care and treatment you need.

HELP US TO HELP YOU STAY SAFE
